Las Vegas (2/2/2017) — The Reg.A Funding Group announced today that its “Reg A Money Show” podcast featuring the team of Ron Costa and Miguel Dotres is now being syndicated on the Apple iTunes platform. The “Reg A Money Show” provides listeners with current business topics with a focus on the new Securities and Exchange Regulation A Plus. The Show also features special guest segments of industry professionals and current Reg A Plus filers to showcase each company’s registered offering and provide insights pertaining to Regulation A+ offerings.

Being syndicated on iTunes puts the podcast in front of an enormous audience of Apple listeners. This podcast is emerging as a “must listen” to all those interested in issuing Regulation A paper or investors interested in participating in a company’s offering.

“We are excited our Show has joined the iTunes lineup, a great syndicated platform where listeners can reach us. We are taking Wall Street to Main Street by exploring all the new regulations that are making crowdfunding and access to capital so exciting. The industry is changing and we want to cover it all” stated co-host Ron Costa.
