CrowdfundX CEO Darren Marble Talks Artificial Intelligence and Marketing for Myomo NYSE Listing on the Reg. A Money Show

Las Vegas (6/13/2017) — The Reg.A Funding Group announced today that they have published their latest “Reg A Money Show” podcast featuring Darren Marble, CEO of CrowdfundX, who made a guest appearance on the show and spoke about how his company helped Myomo, Inc. create “the crowd” that led to their listing on the New York Stock Exchange (NYSE), the first Reg.A+ project to do so.

Artificial Intelligence derived from CrowdfundX was a major component of how Myomo was able to identify and acquire retail investors for their offering, and Mr. Marble spoke to the process and costs of how it all transpired, plus provided insights on how Reg.A+ hopefuls who are targeting a similar market listing on a major exchange such as the NYSE can make it part of their end-game.

Reg.A Money Show co-host Ron Costa stated, *“The information contained in this podcast is second to none. The main takeaway is this: a Regulation A+ offering can be successful even if you don’t have a pre-set crowd of investors if you partner with the right group with cutting-edge technologies.”*
