## **CrowdFundX CEO Darren Marble Talks Regulation A+ 2018 Predictions and the Future of Hybrid Reg.A+ Offerings**

**Las Vegas (01/11/2018) — The Reg.A Funding Group announced today that they have published their latest “Reg.A+ Money Show” radio podcast in which Darren Marble, the CEO of CrowdFundX, talked about his 2018 predictions for the Regulation A+ industry (including the rise of Hybrid Reg.A offerings) and what he thinks will be some major trends in Reg.A+ for the upcoming year.**

“Hybrid” Reg.A+ offerings raise money from both Wall Street and Main Street investors. By targeting both these investor segments, companies can raise more capital and build massive brand equity through more sophisticated marketing efforts, particularly because the small-time main street investors are the stickiest in the entire deal – meaning they like the company and want to see the deals work out on an emotional level as well.

Besides currently being heard on the [iHeartRadio Network](#) and many other syndication sources, the article announcing this news can be accessed here: <http://ipotogo.com/2018Predictions>

Said “Reg.A Money Show” co-host Ron Costa, *“2018 is poised to be an amazing year for the entire Regulation A+ equity crowdfunding industry. As Mr. Marble indicated on the show, we’ll probably see hybrid offerings take center stage as the Reg.A+ industry continues to move upstream.”*
